BRAINIAC : Word-Guessing Event

Description:
Brainiac is an electrifying word-guessing event centered around electronics and communication. Teams of two will compete to decode words based on clue cards within a time limit, testing their knowledge and quick thinking.

Event Rules:

1. **Team Composition:** Each team must consist of exactly two members.
2. **Game Duration:** Each round will last for two minutes.
3. **Word Skipping:** Teams can skip to the next word if they are unable to guess.
4. **Advancement:** Teams with the highest scores in each round will progress to subsequent rounds.
5. **Negative Marking:** Applies in later rounds for incorrect guesses.

Round Details:

1. A minimum of two rounds will be conducted.
2. The total number of rounds will be determined based on the number of participating teams.

Judging Criteria:
Points will be awarded for every correct guess. The team with the highest cumulative points at the end of all rounds will be declared the winner.
